

### **Basic Information :**

**Name :** Aliaa Abdel EL Razeq

**Title :** Professor

Professor Aliaa Abdel EL Razeq - Faculty of Computer Science

### **Education :**

Certificate	Major	University	Year
			2000

### **Research :**

In silico analysis of Hepatitis C Virus NS5a protein: New insights into its immune counteraction mechanisms, and its role in cancer development". World Summit of Antivirals- Kunming

### **Conference :**

- The 2010 world congress in Computer science, computer engineering and applied computing, BIOCAMP'10

The international conference GEOBIA2008, Calgary, Alberta

- International Conference on Communication, Network and Information Security (CNIS2006), MIT, Cambridge, Massachusetts

- Fifth International Conference on Informatics and Systems. INFOS2007

- Third Cairo international biomedical engineering conference CIBEC'06, 21

### **Awards :**

Award	Donor	Date
Artificial Vision	none	01/01/2010
Mine Hunter	none	01/01/2008
Automated system of detecting retina diseases	none	01/01/2007
Automated system of detecting retina diseases	none	01/01/2007
Visual Interpretation of Hand Gestures	none	01/01/2006
