

Basic Information :

Name : Maha Al-Khazindar
Title : part-time Associate Professors, Microbiology

Maha M. Al-Khazindar works as a part-time Lecturer of Microbiology at the Faculty of Dentistry at Future University in Egypt

Education :

Certificate	Major	University	Year
PhD	Microbiology	Cairo University, Faculty of Science	2005
Bachelor	Microbiology	Cairo University, Faculty of Science	2005
Masters	Microbiology (Virology)	Cairo University, Faculty of Science	1999

Teaching Experience :

Name Of Organization	Position	From Date	To Date
Ahram Canadian University	Teacher, Botany and Genetics	01/01/2006	01/01/2007
Cairo University, Faculty of Science	Instructor, Botany	01/01/2006	01/01/2014
Modern Sciences and Art University (MSA)	Teacher, General Botany	01/01/2005	01/01/2008
Cairo University, Faculty of Science	Lecturer, Plant Virology	01/01/2005	01/01/2014
Clemson University	Teaching Assistant	01/01/2000	01/01/2002
Clemson University	Visiting Scientist	01/01/2000	01/01/2002
Cairo University, Faculty of Science	Demonstrator, Botany Department	01/01/1991	01/01/1993

Research :

Detection of Tomato Spotted Wilt Virus Using Immunocapture Reverse Transcription Polymerase Chain Reaction
Caulimoviral Sequences in Kahlia Variabilis in Egypt
Study of Cloning, Expression and Purification of M Segment Gene (G1) of Rift Valley Fever Virus in Pacterial System
Serological and Molecular Studies on tomato Spotted Wilt Virus
Molecular Cloning and Expression Nucleoprotein Gene (NPs) of tomato Spotted wilt Virus in E. Coli
Identification of a Virus Naturally Infecting Physalis Peruviana
Recombinant DNA Technology for the Production of Antisera Against Three Economically important Potato Viruses
