

Basic Information :

Name : Nabila El Maraghy

Title : Professor

Dr. Nabila Nour Eldin El Maraghy, Professor of Pharmacology, Pharmacology, Toxicology and Biochemistry department, Vice Dean for community service and environmental development. She has got her Masters & PhD degrees from Zagazig University

Education :

Certificate	Major	University	Year
PhD	Pharmacology	zagazig university	1987
Masters	Pharmacology	zagazig university	1983
Bachelor	Pharmaceutical Sciences	Cairo University	1973

Teaching Experience :

Name Of Organization	Position	From Date	To Date
جامعة الزقازيق	كلية الصيدلة	26/06/1976	31/08/2013

Research :

Haem oxygenase-1 induction protects against tumour necrosis factor alpha impairment of endothelial-dependent relaxation in rat isolated pulmonary artery.

Therapeutic Effect of Captopril, Pentoxifylline, and Cordyceps Sinensis in Pre-Hepatic Portal Hypertensive Rats

Effect of Cordyceps sinensis and taurine either alone or in combination on streptozotocin induced diabetes

Thymoquinone: Novel gastroprotective mechanisms

Modulation of Diabetes & Dislipidemia in Diabetic Insulin-Resistant Rats by Mangiferin: Role of Adiponectin and TNF- α

Amantradine mitigates ischemia/reperfasian (IR)- induced gastric ulcer: modulation of inflammation and oxidative stress

PARP-1 inhibition alleviates diabetic cardiac complications in experimental rats

Conference :

Advances in signaling

Proc Life Science PC363

Third Scientific Conference
