

Basic Information :

Name : Salah Mohamed Ramadan Abdelmageid

Title : Associate Professor

Prof Salah Abdel Mageid works as an Associate Professor at the Faculty of Computer Science, Future University in Egypt

Research :

NA

Improving the Routing Mechanism of Clustered Sensor Networks

QMR: Quine-McCluskey for Rule Minimization in Rule-Based Systems

Development and Validation of a Localization Framework for Wireless Sensor Networks

An Adaptive Relocation Strategy for Heterogeneous Sensor Networks

A Best Fit Relocation Approach for Heterogenous Sensor Networks

A Lightweight Sensor Relocation Scheme for Heterogenous Sensor Networks

Deployment of Mobile Sensor Networks: Controlled Movement Approach

Handbook of Research on Telecommunications Planning and Management for Business

Performance Evaluation of Traffic Management in ATM Networks

Cost Analysis of Forwarding Pointer Schemes for Location Management in PCS Networks

Conference :

NA

Awards :

Award	Donor	Date
NA	NA	01/01/2014
