

Faculty of Oral & Dental Medicine

Oral Histology

Information :

| Course Code : HPT 222 | Level | : | Undergraduate | Course Hours : | 3.00- Hours |
|-----------------------|-------|---|---------------|----------------|-------------|
| | | | | | |

Department : Faculty of Oral & Dental Medicine

Instructor Information :

| Title | Name | Office hours |
|---------------------|--|--------------|
| Professor | Mona Fathy Abdel Maksoud Eldeeb | 10 |
| Professor | Mona Fathy Abdel Maksoud Eldeeb | 10 |
| Professor | Mona Fathy Abdel Maksoud Eldeeb | 10 |
| Associate Professor | AMANY AHMED RABEE MOHAMED OSMAN | 4 |
| Associate Professor | RANEEM FAROUK MOHAMED ADEEB OBEID | 2 |
| Associate Professor | Radwa Taher Mostafa Mohamed Elsharkawy | 6 |
| Associate Professor | AMANY AHMED RABEE MOHAMED OSMAN | 4 |
| Lecturer | Nehad Mostafa Abd El Monsif Mostafa | 3 |
| Assistant Lecturer | Aya Mohamed Reyad Ismaeil AbuHussein | 2 |
| Assistant Lecturer | Esraa Gamal Hassan Mohamed | 4 |
| Assistant Lecturer | Yasmine Mohamed Hasan Elghazawy | 2 |
| Assistant Lecturer | Yasmine Mohamed Hasan Elghazawy | 2 |
| Assistant Lecturer | Aya Mohamed Reyad Ismaeil AbuHussein | 2 |
| Assistant Lecturer | Yasmine Mohamed Hasan Elghazawy | 2 |
| Assistant Lecturer | Esraa Gamal Hassan Mohamed | 4 |
| Assistant Lecturer | Aya Mohamed Reyad Ismaeil AbuHussein | 2 |
| Teaching Assistant | Mai Amer Abdeallah Attia Elsayed Elhanfi | |

Area Of Study :

A to keep pace with recent advances in oral biology.

A o provide an expanded knowledge about histology, embryology and physiology of oral and dental tissues.

"ÁTo serve as a basis for understanding the clinical courses such as oral pathology, oral surgery and oral medicine etcő È

A o enable the development and application of appropriate professional attitude as well as communication and practical skills of the students.

Description :

peridontal ligement and its decalcified section , alvealor process and its decalcified section , salivary gland oral mucous membrane ,maxillary sinus and their histolgical sections . embryology and tempromandibular joint .

| Course ou | tcomes : | | | |
|-------------|---|--|--|--|
| a.Knowled | ge and Understanding: : | | | |
| 1 - | Define the different oral and para oral structures | | | |
| 2 - | Describe embryology of oral and para oral tissues. | | | |
| 3 - | Identify and draw both hard and soft oral tissues | | | |
| 4 - | Describe the structure and the function of different oral and para oral tissues. | | | |
| 5 - | Differentiate between different hard dental and soft oral tissues | | | |
| 6 - | Explain the clinical significance associated with certain oral and para oral structures. | | | |
| 7 - | Describe the histological age changes of oral and para oral tissues | | | |
| b.Intellect | ual Skills: : | | | |
| 1 - | Differentiate between the different oral and para oral tissues | | | |
| 2 - | Distinguish any abnormalities that might affect the normal oral and para oral tissues | | | |
| c.Professi | onal and Practical Skills: : | | | |
| 1 - | Use the light microscope properly. | | | |
| 2 - | Identify the different oral tissuesusing the light microscope. | | | |
| 3 - | Draw the histological structure of oral and para oral tissues. | | | |
| 4 - | Understand the technical steps for preparation of tooth ground and as well as the main histologyical and histochemical stains | | | |
| d.General | and Transferable Skills: : | | | |
| 1 - | Behavior in different situations | | | |
| 2 - | Demonstrate appropriate professional attitude | | | |
| 3 - | Communicate effectively with colleagues, staff members and helping personnel. | | | |

Course Topic And Contents :

| Торіс | No. of hours | Lecture | Tutorial / Practical |
|---------------------------|--------------|---------|----------------------|
| Embryology | 16 | | |
| Periodontal ligament | 8 | | |
| Bone and alveolar process | 9 | | |
| Oral mucosa | 16 | | |
| Salivary glands | 15 | | |
| Maxillary sinus | 4 | | |
| Temporomandibular joint | 4 | | |

Teaching And Learning Methodologies :

Lectures Practical and Small group sessions: a. Each practical session's preceded by slide tutorial demonstration, description and drawing of oral tissues and class discussions. b. Demonstration for tissue identification using light microscope in small groups. Student draw in their practical books under supervision of the responsible in small subgroups staff members and helping personnel

| Course Assessment : | | | | |
|---------------------------|-------------------|---------|--|--|
| Methods of assessment | Relative weight % | Week No | Assess What | |
| 1st Mid-term Examination | 15.00 | | knowledge and understanding | |
| 2nd Mid-term Examination | 15.00 | | knowledge and understanding | |
| Final written Examination | 25.00 | | | |
| Oral Examination | 10.00 | | knowledge and understanding and attitude | |
| Practical Examination | 15.00 | | assess practical skills & intellectual skills & general skills | |

Course Notes :

"Áll lectures are available for students from the faculty as a soft copy.

"A extbooks : Mary Bath-Balogh, Margaret J. Fehrenbach, Dental Embryology Histology and anatomy 2th Edition ,2006 "A Vebsites related to the studysubject

Dverhead projectors, slides and computer presentations used during teaching
