

Workshop 1: Role of the Pharmacist in Medication Reconciliation.

This workshop will support you in taking a structured approach to reconciling medicines for patients in hospital.

On completion of all aspects of this learning programme you should be able to:

- Define medicines reconciliation and describe the process
- Summarise key points on medicines reconciliation
- Reflect on whether your current practice in reconciling medicines correlates with ideal situations.
- List your own individual, practical responsibilities as a pharmacist when reconciling medicines for your patients.

With participation of

Dr. Nirmeen Sabry, Professor of Clinical Pharmacy, Cairo University

Dr. Eglal Adel, Lecturer of Clinical Pharmacy, Cairo University
and

Dr. Amani Mohamed, Lecturer of Clinical Pharmacy, Cairo University
