

### Basic Information :

**Name :** Amal Emad

**Title :** Professor

Dr. Amal Ali, Professor of Microbiology; Head of Microbiology & Immunology Department; PhD. of Pharmaceutical Microbiology, Cairo University; M.Sc. of Pharmaceutical Microbiology, Cairo University; BSc of Pharmaceutical sciences, Cairo University.

### Education:

Certificate	Major	University	Year
PhD			2006
Masters			2002
Bachelor			1991

### Teaching Experience:

Name Of Organization	Position	From Date	To Date
FUE	Vice Dean	01/09/2014	Current

### Researches / Publications :

Acinetobacter baumannii biofilm and its potential therapeutic targets
Compositional variation of the human fecal microbiome in relation to azo-reducing activity: a pilot study
In-vitro inactivation of sabin-polioviruses for development of safe and effective polio vaccine
Basil Essential Oil and its Nanoemulsion Mitigate Non Alcoholic Steatohepatitis in Rat Model with Special Reference to Gut Microbiota
Complete genome sequence and 3 comparative analysis of two potential 4 probiotics Bacillus subtilis isolated from 5 honey and honeybee microbiomes
Basil Essential Oil and Its Nanoemulsion Mitigate Non Alcoholic Steatohepatitis in Rat Model with Special Reference to Gut Microbiota
Quorum quenching activity of Bacillus cereus isolate 30b confers antipathogenic effects in Pseudomonas aeruginosa
Azoreductase activity of dye-decolorizing bacteria isolated from the human gut microbiota
Optimization and enhancement of textile reactive Remazol black B decolorization and detoxification by environmentally isolated pH tolerant Pseudomonas aeruginosa KY284155
Optimization of cellulase production by halobacillus sp. QLS 31 Isolated from lake qarun, Egypt.
Utilization of crude Glycerol as a Substrate for the Production of Rhamnolipid by Pseudomonas aeruginosa
Direct detection of Burkholderia cepacia in susceptible pharmaceutical products using seminested PCR
Cerastes cerastes and Vipera lebetina Snake Venoms Apoptotic . Stimulating Activity to Human Breast Cancer Cells and Related Gene Modulation
