

Basic Information :

Name : Muhammad Diab Saadeldin Abdi aal

Title : Assistant Lecturer

Eng. Muhammad Diab was born in Sohag in Egypt. He received his B.Sc. in Structural Engineering and Construction Management Department, Faculty of Engineering and Technology, Future University in Egypt (FUE), Cairo, 2012. He achieved an excellent score {CGPA = 3.93}. In 2014, he joined the Department of Structural Engineering and Construction Management, Future University, Cairo, as a teaching assistant. He studied the premaster courses and finished it. He is currently do his research in Application of the Limit State Method to Geotechnical Design of Deep Excavation Systems in Egypt at Faculty of Engineering, Ain Shams University in Egypt.

Education :

Certificate	Major	University	Year
Masters	Civil Engineering	Ain shams university - Faculty of Engineering	2018
Bachelor	Engineering & Technology	Future University - Faculty of Engineering	2012

Research :

Application of the ultimate limit states factored strength approach to design of cantilever walls in dry cohesionless soils

Application of the ultimate limit states factored strength approach to design of cantilever walls in dry cohesionless soils
