

Basic Information :

Name : Noha Khalil
Title : Lecturer

Pharmacist Noha Hassan Khalil, Lecturer of Pharmacognosy, Pharmacognoy and Medicinal Plants Department, She got her M.Sc. degree at Ain Shams University

Education :

Certificate	Major	University	Year
PhD	Pharmacognosy	Cairo University - Faculty Of Pharmacy	2018
Masters	Pharmacognosy	Faculty of Pharmaceutical Sciences - Ain Shams University	2015
Bachelor	Pharmacy	Ain Shams	2008

Teaching Experience :

Name Of Organization	Position	From Date	To Date
Glytone Dermocosmetics	Medical Representative	01/01/2008	01/01/2009

Research :

Bactericidal activity of Myrrh extracts and two dosage forms against standard bacterial strains and multidrug-resistant clinical isolates with GC/MS profiling.

Ammi Visnaga L., a Potential Medicinal Plant: A Review.

Bactericidal property of myrrh oil and two formulations against standard bacterial strains and multidrug-resistant clinical isolates with GC/MS chemical profiling.

Chemical profiling, biostatic and biocidal dynamics of *Origanum vulgare* L. essential oil

Chemical composition and antimicrobial activity of the essential oils of selected Apiaceous fruits

Bioassay guided fractionation and cytotoxic activity of *Daucus carota* var. *boissieri*

Foliar spraying of salicylic acid induced accumulation of phenolics, increased radical scavenging activity and modified the composition of the essential oil of water stressed *Thymus vulgaris* L

Chemical composition and antimicrobial activity of essential oils of selected Apiaceous plants growing in Egypt

Chemical Composition and biological activity of the essential oils obtained from yellow and red carrot fruits cultivated in Egypt

Conference :

Chemical Composition of certain highly potent gram negative antimicrobial Apiaceous essential oils

Chemical Composition of Certain Highly Potent Gram -ve Antimicrobial Apiaceous Essential Oils

Chemical composition and biological activity of essential oils obtained from yellow and red Carrots cultivated in Egypt

Chemical composition and biological activity of essential oils obtained from yellow and red Carrots cultivated in Egypt
