

Basic Information :

Name : El Hadidi
Title : Lecturer

Dr Seif El Hadidi received a B.Sc. Clinical Pharmacy (Hons) from Cairo University, Egypt and worked as a teaching assistant and demonstrator at Future University in Egypt since graduation. Dr EL Hadidi won a scholarship from the Future University in Egypt to pursue his postgraduate studies at University College, Ireland in the Department of Pharmacy and Clinical Pharmacy. In 2019, Dr EL Hadidi obtained his PhD in Heart Failure guideline-led prescribing. He is also a task force member and Heart Failure Specialist of Tomorrow at the European Society of Cardiology - Heart Failure Association.

Education :

Certificate	Major	University	Year
PhD	Clinical Pharmacy	University College Cork, Ireland	2019
Bachelor	Clinical Pharmacy		2012

Teaching Experience :

Name Of Organization	Position	From Date	To Date
European Society of Cardiology - Heart failure Association	Taskforce member	01/01/2018	01/01/2020

Paper :

- What We Learnt After Looking Back At the Community Pharmacists' Experiences Worldwide in COVID-19 Pandemic
- Awareness of the Egyptian public about COVID-19: what we do and do not know
- Guideline-led prescribing to ambulatory heart failure patients in a cardiology outpatient service
- Potentially inappropriate prescriptions in heart failure with reduced ejection fraction: ESC position statement on heart failure with reduced ejection fraction-specific inappropriate prescribing
- Heart Failure Prescribing Quality at Discharge from a Critical Care Unit in Egypt: The Impact of Multidisciplinary Care
- Evidence beyond the digital medication pill
- Guidelineled prescribing among heart failure patients in the long-term care setting.
- Identifying potentially inappropriate prescribing among heart failure patients in long term care using a disease specific tool
- The Guideline Adherence Index as an objective evaluator of appropriate prescribing in heart failure: a meta-analysis
- Guideline adherence index as an objective evaluator of appropriate prescribing in heart failure: a meta-analysis
- Appropriate Prescribing in Heart Failure in Ireland and Egypt: a narrative literature review
- A tool for assessment of heart failure prescribing quality: a systematic review.
- Guideline led prescribing among heart failure patients in the long-term care setting.

Chapter :

Management of Cardiovascular Disorders and the Pharmacist's Role: Venous Thromboembolism

Other :

Potentially inappropriate prescriptions in heart failure with reduced ejection fraction: ESC position statement on heart failure with reduced ejection fraction-specific inappropriate prescribing

Evidence beyond the digital medication pill
