

Faculty of Computers and Information Technology

English Ket Advanced

Information :

Course Code : ENG KET A

Level : Undergraduate

Course Hours : 2.00- Hours

Department : Faculty of Computers and Information Technology

Description :

A second tier English language course that focuses on all four skills through the enhancement of language production and reception. The course further builds upon the foundation of the previous course to reinforce language learning. Lexis is drawn from the reading and listening and recycled for consolidation within grammar, writing and speaking. More emphasis is given to fluency thus achieving higher levels of communicative complexity. This course is very similar to English KET; however it caters to the more advanced students. Prerequisite: Placement into ENG KET A, 2 cr.
