Area Of Study :

Business law studies are very important as it helps the management professionals in realizing the business ethics, in order to run a proper and authenticated business. This must be in accordance with the laws and regulations prevailing in the society. The business law studies are necessary for ever management graduate whether he wants to setup a proper business, or willing to join a service a manager.

Legal theory is important in the "every day business world" inhabited by corporate managers and all other persons making major business decisions, as well as buying and selling supplies and service, moreover, the modern business world now requires a general knowledge of governmental relations and activities, including the societal obligations described in the criminal and other statutory or regulatory law.

The aim is to provide students with not only a theoretical background on Fundamentals Of law and some legal terms used therein, but rather to provide them with the required practical experience which will, in turn, help them in their career after graduation.

Description :
