

## Faculty of Economics and Political Science

### Sociology

#### Information :

**Course Code :** SOC 101

**Level :** Undergraduate

**Course Hours :** 2.00- Hours

**Department :** University Requirments

#### Area Of Study :

This course analyses the evolution of human communities from tribal societies to modern states. It examines problems and issues related to the relationship between humans and their environment and their ability to adapt and develop. It also deals with problems of urbanization and hyper-urbanization such as tension, conflict and violence. It also touches on the role of civic society organizations, charities as well as NGOs in creating and maintaining social equilibrium and tranquility.

#### Course Goals:

- Examine the major social theoretical perspectives.
- Teach the different types of culture.
- Discuss the major theories of socialization.
- Review the different types of statuses, social roles, groups and organizations.

#### Description :

This introductory course aims to give the student an understanding of the basic principles of sociology as an academic discipline and provide an analytical perspective of society and everyday life through sociological theories. This course helps the students to analyze the ways in which people interact and function in groups. It is a practical as well as theoretical study which includes such subjects as culture, values, norms, social stratification, social problems, race and ethnicity, conformity, deviance, urban living, social change, and social movements
