Faculty of Engineering & Technology

Elective 11/ Computer -Aided Information (GIS)

Information :

Course Code :	ARC E11	**Level**	**:**	Undergraduate	**Course Hours :**	3.00- Hours

Department :	Department of Architectural Engineering

Instructor Information :

Title	Name	Office hours
Lecturer	Rana Mostafa Ahmed Hammam	1

Description :

Data collection : Remote sensed images, Characteristics, Rectification, Spatial and spectral enhancement, Classification and Vectorization . ´Data analysis: Features elements (Vector/raster) cleaning, Attributes, Topology and query . ´Map production : Data extraction and Symbolizing features.
