

**Faculty of Commerce & Business Administration**

**Environmental Sciences**

**Information :**

**Course Code :** ENV 101

**Level :** Undergraduate

**Course Hours :** 2.00- Hours

**Department :** University Requirments

**Description :**

Examination of the interrelationships between the sciences, arts, and humanities as they relate to our environment. Students explore how we manage nature and negotiate with each other in order to meet our needs. Emphasis is on principles of ecology, economics, aesthetics, ethics, and law. Examples are drawn from such local problems as water pollution as well as global examples such as global warming.
