### **Course Topic And Contents :**

Topic	No. of hours	Lecture	Tutorial / Practical
Introduction and scope of oral diagnosis	4		
Patient history	4		
Methods of clinical examination	8		
Extra oral examination	6		
Intra oral examination	6		
Laboratory investigations	8		
Laboratory investigations			

### **Teaching And Learning Methodologies :**

Lectures With Discussions

Small group sessions

Tutorial classes :- a. Small group teaching b. Computer projection c. role playing

Case Study :- a. Demonstration using computer projection b. Demonstrate with a patient c. Discussion and practice of the diagnostic skills

Guest speaker

Panel of experts

### **Course Assessment :**

Methods of assessment	Relative weight %	Week No	Assess What
Final term Examination	25.00		
Mid-term Examination	30.00		assess knowledge and understanding & general intellectual skills.
Mid-term Practical Examination	20.00		to assess knowledge and understanding & professional skills & general intellectual skills
Oral Examination	10.00		assess knowledge and understanding & professional skills & general intellectual skills
Practical Examination	15.00		

### **Course Notes :**

The department book available for students from the department

### **Periodicals :**

- Cawson Essentials of Oral Pathology and Oral Medicine . Cawson and Odell, 7th Edition, 2002.
- Color Atlas of Oral Pathology, Cawson and Odell, 2nd Edition, 1999.
