<b>Course Topic And Contents :</b>			
Topic	No. of hours	Lecture	Tutorial / Practical
Pulp therapy	4		
Stainless Steel Crowns	4		
Trauma (Diagnosis & classification)	4		
Trauma (treatment)	4		
Reaction of teeth to trauma	4		
Space maintainers	4		
Introduction to handicapped	4		
Management of handicapped	4		
Management of handicapped	4		
Gingival and Periodontal diseases	4		
Nutrition	4		

<b>Teaching And Learning Methodologies :</b>
Lectures
discussion
Video tapes

Posters

Spottings

Case studies

Problem solving case

Samples, examples and mock ups

Demonstrations

**Course Assessment :**

Methods of assessment	Relative weight %	Week No	Assess What
Final Written Examination	25.00		
Mid Term Examinations	30.00		
Mid Term Practical Examination	20.00		
Oral Examination	10.00		
Practical Examination	15.00		

**Course Notes :**

- ✓ Department books : available for students to purchase from the department secretary.
- ✓ Slides and computer presentation used teaching
- ✓ Acrylic teeth for cavity preparation for students to purchase from the department secretary
- ✓ Natural extracted primary teeth

**Recommended books :**

- ✓ Fundamentals of pediatric dentistry
- ✓ Dentistry for the child and adolescent
