

Faculty of Pharmacy
Anatomy and Histology

Information :

Course Code : PHL 111

Level : Undergraduate

Course Hours : 2.00- Hours

Department : Faculty of Pharmacy

Instructor Information :

Title	Name	Office hours
Professor	Abeer Abd El Mohsen Abd El Samad Khalil	
Lecturer	Noha Mohamed Gaber Abdelaziz Bori	6

Description :

The anatomy course will cover all aspects of visceral anatomy including, introduction to brain and cranial cavity, spinal cord, nerves, vertebral column and back, thoracic & abdominal walls, pelvis & perineum, cardiovascular system, respiratory system, digestive system, urinary system, male pelvis, female pelvis, internal genitalia, breast, and endocrine glands. Histology course aims to enable students to know theoretically and practically the normal histological architecture of organs of various body systems, to correlate between the histological structure & functions of various tissues & organs. The practical part of the course implies macroscopic studying of organ specimens as well as microscopic examination of many tissue sections from various body organs.
