

Faculty of Economics and Political Science

The Industry and Economics of Media

Information :

Course Code : PMM 304

Level : Undergraduate

Course Hours : 3.00- Hours

Department : Department of Political Mass Media

Instructor Information :

Title	Name	Office hours
Lecturer	SAHAR MOHAMED TALAAT MOHAMED ABDALLAH ELASHMAWY	6

Area Of Study :

Being mostly no more than another investment opportunity for businessmen, the reality of privately-owned media organizations has shown either profit or ideology-oriented reporting. In many cases, funders either use their media organizations as a political leverage tool to promote their interests or profit generation entities, in both cases the objectivity of the final output delivered to the audience becomes questionable. The nature of the business of media is analyzed and detailed in this course.

Course Goals:

- Analyze the effects of media ownership on media messages
- Compare profit and ideology oriented media forms
- Predict the effects that external funding has on media organization
- Estimate the effect of advertising on media messages

Description :

Being mostly no more than another investment opportunity for businessmen, the reality of privately-owned media organizations has shown either profit or ideology-oriented reporting. In many cases, funders either use their media organizations as a political leverage tool to promote their interests or profit generation entities, in both cases the objectivity of the final output delivered to the audience becomes questionable. The nature of the business of media is analyzed and detailed in this course.
