

Faculty of Oral & Dental Medicine

Clinical Removable Prosthodontics

Information:

Course Code: PROS 414 Level: Undergraduate Course Hours: 2.00- Hours

Department: Faculty of Oral & Dental Medicine

Instructor Information:		
Title	Name	Office hours
Associate Professor	Hossameldin Ibrahim Nassar Mohamed Hassona	
Assistant Lecturer	Hossam Eldein Faisal Abdelaal Ahmed Haridy	
Teaching Assistant	Hadeer Nagy Abdo Elsayed Elragby	

Area Of Study:

The student will be able to Recognize the objectives of partial denture, develop the treatment plane and acquiring skill of management of partially edentulous patient following standardized techniques.

Description:

principle of partial denture design of kennedy classes , mouth preparations , immpressions occlusions of partial denture , frame - work try in , partial denture insertions , complians

Course ou	tcomes:		
a.Knowled	ge and Understanding: :		
1 -	Describe the different clinical steps for partial dentures Construction.		
2 -	recognize objectives of partial denture prosthodontics		
3 -	Describe different impression techniques for partially edentulous patient		
4 -	Explain various mandibular positions.		
5 -	recognize jaw relation, basic occlusion in partial dentures		
6 -	Describe abutment preparation procedures before construction of removable dental appliance.		
7 -	identify patients complaints after denture insertion and describe effective measures for their diagnosis and treatment		
b.Intellect	ual Skills: :		
1 -	interpret normal and abnormal partially endentulous anatomy and its relationship to partial denture construction		
2 -	Assess the typical problems that occur during partial denture construction.		
3 -	design appropriate partial denture framework		
4 -	distinguoish patient complain and develop effective measures for their treatment		
c.Professi	onal and Practical Skills: :		
1 -	Perform thorough clinical examination both extra and intra oral as well as general assessment of the patient conditions.		

2 -	Use various clinical instruments used in fabrication of partial dentures.

d.General and Transferable Skills: :			
1 -	display an appropriate professional attitudes and behavior in dealing with colleagues and rest of the team .	staff members ,patient ,	
2 -	Communicate effectively both verbally and in writing with other health care maximize patient benefits and minimize the risk of errors.	professionals to	

Course Topic And Contents :			
Topic	No. of hours	Lecture	Tutorial / Practical
Overview removable partial denture	4		
Overview removable partial denture	4		
Diagnosis	4		
Mouth preparation	4		
Impression	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Jaw relation +waxed up try in	4		
Delivery + relining	4		
Complains	4		

Teaching And Learning Methodologies :

Lectures

Clinical demonstration

Requirement

Assuagements

Course Assessment:					
Methods of assessment	Relative weight %	Week No	Assess What		
Final Examination	25.00				
Mid-term Examination	30.00		assess knowledge and understanding.		
Oral Examination	10.00				
Practical Examination	15.00		assess clinical skills , intellectual and general skills		
Semester Work	20.00				

Course Notes :	
Department notes
