

Faculty of Oral & Dental Medicine

Clinical Removable Prosthodontics

Information:

Course Code: PROS 414 Level: Undergraduate Course Hours: 2.00- Hours

Department: Faculty of Oral & Dental Medicine

Instructor Information :			
Title	Name	Office hours	
Associate Professor	Aya Mohamed Fawzy Hafez Ibrahim	3	
Associate Professor	Aya Mohamed Fawzy Hafez Ibrahim	3	
Lecturer	Sonal Abdel Baseer Abdel Kader Abdel Aziz		
Lecturer	Ayman Sharif Mahmoud Fateen		
Lecturer	Ayman Sharif Mahmoud Fateen		
Assistant Lecturer	Mahmoud Saleh Mahmoud Mohamed Fayed	15	
Teaching Assistant	Takey Eldeen Elsayed Abo deif Ahmed Ali		

Area Of Study:

The student will be able to Recognize the objectives of partial denture, develop the treatment plane and acquiring skill of management of partially edentulous patient following standardized techniques.

Description:

principle of partial denture design of kennedy classes , mouth preparations , immpressions occlusions of partial denture , frame - work try in , partial denture insertions , complians

Course ou	tcomes:		
a.Knowled	ge and Understanding: :		
1 -	Describe the different clinical steps for partial dentures Construction.		
2 -	recognize objectives of partial denture prosthodontics		
3 -	Describe different impression techniques for partially edentulous patient

5 -	recognize jaw relation, basic occlusion in partial dentures		
6 -	Describe abutment preparation procedures before construction of removable dental appliance.		
7 -	identify patients complaints after denture insertion and describe effective measures for their diagnosis and treatment		
b.Intellect	ual Skills: :		
1 -	interpret normal and abnormal partially endentulous anatomy and its relationship to partial denture construction		
2 -	Assess the typical problems that occur during partial denture construction.		
3 -	design appropriate partial denture framework		

4 -	distinguoish patient complain and develop effective measures for their treatment		
c.Profession	onal and Practical Skills: :		
1 -	Perform thorough clinical examination both extra and intra oral as well as patient conditions.	general assessment of the	
2 -	Use various clinical instruments used in fabrication of partial dentures.		
3 -	Perform all clinical steps required to fabricate a partial dentures.		
4 -	Perform repairs for partial dentures.		
d.General	and Transferable Skills: :		
1 -	display an appropriate professional attitudes and behavior in dealing with colleagues and rest of the team .	staff members ,patient ,	
2 -	Communicate effectively both verbally and in writing with other health care maximize patient benefits and minimize the risk of errors.	professionals to	

Course Topic And Contents :			
Topic	No. of hours	Lecture	Tutorial / Practical
Overview removable partial denture	4		
Overview removable partial denture	4		
Diagnosis	4		
Mouth preparation	4		
Impression	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Jaw relation +waxed up try in	4		
Delivery + relining	4		
Complains	4		

Teaching And Learning Methodologies :		
Lectures		
Clinical demonstration		
Requirement		
Assuagements		

Course Assessment :			
Methods of assessment	Relative weight %	Week No	Assess What
Final Examination	25.00		
Mid-term Examination	30.00		assess knowledge and understanding.
Oral Examination	10.00		
Practical Examination	15.00		assess clinical skills , intellectual and general skills
Semester Work	20.00		

Course Notes :
