

Faculty of Oral & Dental Medicine

Clinical Crowns & Bridges

Information :

Course Code : PROS 424

Level : Undergraduate

Course Hours : 2.00- Hours

Department : Faculty of Oral & Dental Medicine

Instructor Information :

Title	Name	Office hours
Professor	Ashraf Hussien Abdel Fattah Sherif	
Associate Professor	MOSTAFA ELSAYED MOHAMED ABOUSHAHBA	
Associate Professor	Mennatallah Mohieeldin Wahba Alyeldin Mohamed	6
Lecturer	Omar Hussein Mohamed Abdelbary	
Assistant Lecturer	Hend Abd El Moniem Mohamed Ahmed	
Assistant Lecturer	Hesham Samir Saad Sabet	
Assistant Lecturer	Passant Bahaa eldin Abdallah Aly Soliman	
Teaching Assistant	Nourhan Amr Ahmed Amin Hathout	
Teaching Assistant	Yasmin Bassel Sayed Yehia Khulief	

Area Of Study :

- To educate the students about the basics of diagnosis and treatment planning.
- To familiarize the student with component parts of fixed partial denture.
- To understand the basics of selection of an appropriate fixed partial denture design .
- To enable the students to recognize and practice the different clinical steps from tooth preparation to final cementation of restorations.
- To enable students to be acquainted with the common infections and to practice principles of sterilization and infection control .

Description :

fixed prosthodontics design, connectors ,precision attachment ,color science & shade selection ,metal ceramic restoration and occlusion.

Course outcomes :

a.Knowledge and Understanding: :

1 -	Identify the different restoration designs..
2 -	Explain all the steps concerning tooth preparation & construction of metal ceramic restorations .
3 -	Recognize the different types of connectors .
4 -	Employ the different types of precision attachment .
5 -	Discuss the details of basics of color science .
6 -	Discuss the details of basics of occlusion .

b. Intellectual Skills: :

1 -	Identify the appropriate infection control and sterilization methods
2 -	Interpret the data obtained by the different bridge design selection.
3 -	Apply the most comfortable patient-Dentist chair position
4 -	Apply the different clinical steps involved in tooth preparation to receive metal ceramic restoration

c. Professional and Practical Skills: :

1 -	Select the proper bridge design ..
2 -	Perform preparation for metal ceramic restoration
3 -	Examine properly the designs of dental connectors and precision attachment .
4 -	Perform proper color selection process .

d. General and Transferable Skills: :

1 -	-Patient . Doctor Relationship : "Demonstrate respect to all patients irrespective to their socioeconomic levels , cultures or religious beliefs "Provide appropriate basic patient education
2 -	- Health . Safety . Infection control : "Implement infection control policies .

Course Topic And Contents :

Topic	No. of hours	Lecture	Tutorial / Practical
Fixed Prosthodontics Design		Occlusion of teeth	
Connectors		Occlusion of teeth	
Precision Attachment		Fixed partial denture design	
Color Science & Shade Selection		Fixed partial denture design	
Metal ceramic restorations		Fixed partial denture design	

Course Topic And Contents :

Topic	No. of hours	Lecture	Tutorial / Practical
Occlusion		Connectors in fixed prosthodontics	

Teaching And Learning Methodologies :

Lectures
Lectures with discussion
Panel of experts
Brain storming
Videotapes
Class discussion
Small Group discussion
Case studies
Role playing
Report . Back session
Worksheets / surveys
Index card exercise
Guest speaker
Values clarification exercise
Demonstrations

Course Assessment :

Methods of assessment	Relative weight %	Week No	Assess What
1st Mid Term Examinations	15.00		assess knowledge and understanding
2nd Mid Term Examinations	15.00		assess knowledge and understanding
Final Written Examination	25.00		
Oral Examination	10.00		
Practical Examination	15.00		assess clinical skills , intellectual and general skills

Course Notes :

Available for students to purchase from the department

Recommended books :

Rosenthal . Schillingburg . Johnson . Aylman
