| Associate Professor | Mohamed Ismail Mohamed Hamdy        | 8            |
| Associate Professor | Mahmoud Mostafa Rashwan Abd Elnaser | 4            |
| Lecturer            | Mostafa Sayed Mostafa Abd Elhamed   | 14           |
| Assistant Lecturer  | Anwaar Mahmoud Abdel Gawad Hassan   | 7            |
| Teaching Assistant  | Esraa Sayed Adelrahman Madboly      | 1            |
| Teaching Assistant  | Esraa Sayed Adelrahman Madboly      | 1            |
| Teaching Assistant  | Silvia Alber Shawky Bishay          | 6            |
| Teaching Assistant  | Mariam Khaled Fouad Hegazy          | 4            |

**Area Of Study :**

**Description :**

This is an intermediate course that provides students of business majors with basic and intermediate quantitative and qualitative techniques, methods and tools that help decision makers to make rational decisions concerning actual life business and economic practices using inferential statistics (one population, two populations, inferences and the analysis of variance), in addition to some applied statistics on correlation and regression models.
