The Second International Conference of The Egyptian Society for Pediatric Dentistry & Children with Special Needs

Abla Ahmed
Teaching Assistant

Abstract

Participated in the following courses:
• Why do Trauma Endodontics differ from Conventional Endodontics, and how to optimize Endodontic Therapy after trauma?
• Interceptive orthodontics, occlusal guidance.
• Restoration of children’s teeth: the journey from minimal intervention to pulp therapy.
• Evidence based dental practice.
• Infection control strategies.

Cairo Egypt - 2012, January
